

LAUREN MILES

FULL STACK SOFTWARE DEVELOPER

Detroit, MI
937-329-1424
laurenmiles.dev@gmail.com

ABOUT ME

Software Developer with experience creating modern websites, applications, and automations. Works well in collaborative settings to accomplish common goals, bringing creative ideas and solutions to the table. Has a keen eye to detail to ensure work is completed to a high standard. Has experience working on front-end and back-end development.

WORK EXPERIENCE

SOFTWARE DEVELOPER

TECH ELEVATOR, COLUMBUS, OH (REMOTE)

FEB 2022 - MAY 2023

- Contributed to the Platforms and Infrastructure team by maintaining and improving the BootcampOS application by adding new features
- Architected and developed workflows (using Azure Functions) to automate internal processes resulting in reduced workload for departments and more time for other responsibilities
- Collaborated with team to support all company applications by addressing support and feature requests reported by employees and students

SOFTWARE DEVELOPER

NATIONWIDE CHILDREN'S HOSPITAL, COLUMBUS, OH (REMOTE)

OCT 2021 - FEB 2022

- Supported the Marketing team by making updates to the main website framework using Sitecore
- Improved main website by ensuring pages and forms met accessibility requirements
- Maintained existing applications by addressing bugs and support requests reported in the ticketing system

ASSOCIATE SOFTWARE DEVELOPER/CONSULTANT

KIZAN TECHNOLOGIES, LOUISVILLE, KY (REMOTE)

JUN 2020 - OCT 2021

- Contributed to the Custom Application Development team by creating custom applications for clients using Microsoft technologies
- Worked directly with clients to address any feature or support requests
- Exceeded career goals by being utilized as a full time developer within 2 months of employment
